## LFC prides itself on being inclusive and working with all its supporters.

We recognise that disabled supporters may need assistance to fully enjoy the experience at Anfield Stadium and offer a variety of reasonable adjustments based on individual needs, not their disability.

This guide has been designed to ensure that you have all the information you need to help you plan your journey to Anfield.

Anfield Stadium is located about 2 miles north of Liverpool city centre (a 10 minute car journey away) in a residential area of Liverpool. Address: Anfield Road, Liverpool, L4 0TH. The stadium has four stands: the

Kop, Main Stand, Sir Kenny Dalglish Stand and Anfield Road. The Main Stand has three tiers, the Anfield Road Stand and Sir Kenny Dalglish Stand are two-tiered, while the Kop is a single-tier. Leading up to the ground, the majority of road surfaces are level and as you enter the stadium gates, all surfaces are paved and accessible.

We offer a range of accessible services and facilities across the stadium - full details are included in this guide. In addition, we have a welcoming Fan Support Team who can be easily identified by a prominent information flag. We also have Accessibility Support Team wearing blue high visibility jackets who are on hand around the ground to help you make the most of your matchday experience.

We look forward to welcoming you to Anfield.

The Equality Act 2010 defines a disabled person as someone with a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

To ensure that the Club treats everyone fairly and to enable us to take the particular circumstances of disabled supporters into account when allocating seats, the Club requires all applicants for seating which has been allocated for the specific use of disabled supporters to produce either

(1) confirmation of their entitlement to the medium or higher rate care component of Disability Living Allowance (“DLA”), or (2) a letter from their GP confirming that they are a disabled person with a recognised impairment that requires extra help, or (3) Confirmation of their entitlement to the enhanced rate of Personal Independent Payment (PIP).
