# Welcome to Goodison Park

Goodison Park is the home of Everton Football Club and regarded as one of the most iconic football stadiums in world football.

A stadium steeped in history, Goodison Park celebrates its 125th anniversary as the home of the 'Toffees' during the 2017/18 season.

The stadium is located approximately three miles from the City Centre in a residential area of Walton, Liverpool.

Known as 'The People's Club', Everton is widely-recognised as a friendly and welcoming club.

Last season Everton received a prestigious award from Visit Football for our 'warm and friendly' welcome and through this guide we want to ensure that we provide you with all the information you need to help prepare for your visit to Everton.

## Disability defined

As defined by the Equality Act 2010, a disabled person is an individual who “has a physical or mental impairment which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities”.

Following consultation with Level Playing Field we do not routinely seek ‘proof of disability’. However, where we feel there is reasonable doubt, we are entitled as service providers to seek evidence or ‘proof of disability’. In such cases, any of the following may be regarded as acceptable proof:

- a. Receipt of the mid-rate care element or the high rate mobility component of the Disability Living Allowance (DLA), War Pensioners’ Mobility Supplement or Personal Independence Payments (PIP). The DLA will be replaced by PIPs. The process will be phased across the UK and it is anticipated that DLA will end in September 2017, although early indication is that this may be postponed.
- b. Receipt of either the Severe Disablement Allowance or Attendance Allowance.
- c. War Pensioners’ Mobility Allowance or War or Service Disablement Pension for 80% or more disability.
- d. Blind or partially sighted registration certificate (BD8 or CVI Certificate) or evidence from an eye specialist, for example an optometrist, that the individual would qualify to be registered as severely sight impaired (blind) or sight impaired (partially sighted). Further advice can be found on the Royal National Institute of Blind People (RNIB) website.
- e. A personal letter from the GP, community nurse or social worker that the individual has a long term impairment or ‘disability’ and requires assistance.
- f. Confirmation in writing from Social Services that the individual is included on their Deaf Register, or a letter or report from an aural specialist confirming that hearing loss has been recorded at 70 - 95 dBHL or worse.
- g. Confirmation in writing from Social Services that the individual has a learning difficulty or disability. This may include Proof of Registration with Social Services, or if not on the Local Authority Register, a letter from a doctor or support worker confirming that the individual has a difficulty in learning new skills, or may be unable to cope independently. For children - a letter from the head teacher at a special school confirming eligibility will be acceptable.

NB: This list is not an exhaustive list and consideration will be given to any other evidence that can be provided.

Reference throughout this guide to a “disabled supporter” is a reference to a person who can provide this confirmation.

Please note in the case of DLA, as the allowance may be for life or for a fixed period, the Club reserves the right to periodically check that an applicant remains eligible.

# Purchasing tickets

## Buying your ticket

Disabled supporters should contact the Club's Disability Liaison Officer **Brendan Connolly** - [brendan.connolly@evertonfc.com](mailto:brendan.connolly@evertonfc.com) or **0151 530 5396**. Alternatively you can visit the ticket office in person for advice on purchasing tickets for all Everton fixtures.

In addition, tickets can be purchased online - to access this facility you must first register with the Fan Centre, please contact the Club's Disability Liaison Officer who will be able to provide you with the information.

We would ask that, wherever possible, you detail the nature of your disability so that we are able to assist your purchase and offer you seats most suited to your requirements (subject to availability).

Tickets for wheelchair user spaces and seats to accommodate disabled supporters are available for purchase on a match by a match basis, subject to availability.

## Season ticket purchasing

Season Ticket purchases are subject to availability, please contact the Club's Disability Liaison Officer.

# Away fixtures

The Club is given a limited number of tickets (including seating for disabled supporters) for away fixtures. Disabled supporters can purchase tickets for away games under the same conditions as non-disabled supporters (priority is given to Season Ticket holders with the relevant number of credits), subject to availability.

Tickets cannot be purchased online.

If the Club is able to offer additional tickets to wheelchair users for a particular away match, these tickets will be allocated on the same basis away tickets are sold to non-disabled supporters. Due to the varying levels of seats at away stadiums, which are suitable for disabled supporters, we cannot guarantee all ticket requests.

Disabled supporters requiring tickets for Everton away fixtures or who would like more information on the Club's away ticket allocations should contact the Disabled Liaison Officer on 0151 530 5396.

Please ensure that you have purchased a ticket before making arrangements to travel.

Disabled supporters can travel to away games on the Club's official supporter's coaches, should they wish to do so, subject to the availability of places.

On a matchday, merchandise is also available within the Fan Zone and at the Toffee Shop which is located on the corner of Bullens Road and The Howard Kendall Gwladys Street End.

The shops are extremely busy on matchdays. If you require a quieter period on a matchday we would recommend at least two hours before kick-off and 30 minutes after the game. Non matchdays are considerably quieter.

The 'Everton One' store is accessible. Doors are automatic with an entrance width in access of 1200mm/48 inches. Level access is provided and aisles are generally wide with large spaces between displays. Lighting is balanced and evenly lit around the store. Elevated positions in the Main Stand North and South are accessible via lifts.

Companions sit either adjacent to or behind wheelchair users.

## Ambulant disabled supporters
