Our player development syllabus has been created by our Academy staff, focusing on every aspect of the game including goal scoring, defending, possession and domination.

Each session is themed around a specific element and our FA and UEFA qualified coaches use inspiration from our current First Team and Academy to help develop the young players on our programmes.

We will monitor each player individually to ensure they train with players of similar abilities and ages, with the aim to progress every player through the ability levels.

Our Player Development Programmes are created within the boundaries of discipline that allows the players to demonstrate flair and individualism.
